NERQU ESSENTIEL OIL

HUILE ESSENTIEL DE NERQU

0.34 FL.OZ (10 ML)

Our neroli essential oil comes from responsible and rigorously traced production, sourced from our cultivated fields in Tunisia. Extracted from the fresh flowers of Citrus aurantium, it is obtained through steam distillation, ensuring a 100% pure, natural, and integral oil with no additives.

Characteristics & Olfactory Notes:

Floral, soft, citrusy, and slightly honeyed notes. A fine and powerful aroma, used in aromatherapy, perfumery, and cosmetics.

Additional Information:

Product reference: NEROHE-TN INCI: Citrus Aurantium Flower Oil

Storage: Keep away from light, heat, and humidity.

Safety notice: Concentrated oil, to be used with

caution (see label).

Usage & Application:

Diffusion & Relaxation: Creates a soothing and relaxing atmosphere.

Skincare: Regenerating and balancing, ideal for dry and mature skin.

Natural Perfumery: A noble ingredient in the composition of refined fragrances.

ORGANIC CINEOLE ROSEMARY ESSENTIAL OIL

Origin & Traceability:

Country of manufacture: Tunisia

Country of harvest: Tunisia

Part of the plant used: Leaves and flowering

tops.

Extraction method: Steam distillation

Composition & Biochemical Properties (Chromatographic Analysis):

Our cineole rosemary essential oil has a **balanced biochemical profile**, with a high concentration of **eucalyptol** (29.88%), giving it powerful respiratory and energizing benefits.

Main Active Compounds:

Eucalyptol (1,8-Cineole) - 29.88%: Expectorant and stimulating properties.

α-**Pinene** (10.56%): Tonic and antiseptic effects. **Camphene** (5.85%): Anti-inflammatory and decongestant action.

Beta-Pinene (8.12%): Cellular stimulant and protector.

Borneol (3.58%): Skin regenerating and muscle relaxing properties.

Caryophyllene (6.72%): Soothing and anti-inflammatory effect.

This unique biochemical composition makes this essential oil a powerful ally for respiratory well-being, focus, and muscle recovery.

Our **organic cineole rosemary** essential oil is extracted through **steam distillation** from the leaves and flowering tops of Rosmarinus officinalis cineoliferum, cultivated in Tunisia following environmentally friendly agricultural practices.

100% pure and natural, it is ideal for use in aromatherapy, diffusion, and cosmetic care.

Certifications & Quality:

ORGANIC: Certified ECOCERT according to European and international standards.

100% Pure & Natural: No additives, undiluted, and artisanally distilled to preserve its properties.

Chromatographic Analysis Available: Guarantee of purity and compliance with quality standards.

Buy Directly from the Producer
